Testing the waters

Linda Vatershagen - The Vineyard Journal - linda.vatershagen@vianetmail.com - The Vineyard Journal

PARADIES, after numerous beach closings due to high levels of bacteria, is now closed for the season. The beach has seen a lot of water activity this year, and according to Linda Vederschagen, the beach has had high levels of bacteria.

“The beach has seen a lot of water activity this year, and according to Linda Vederschagen, the beach has had high levels of bacteria.”

“Testing the waters” is a column written by Linda Vatershagen, a reporter for the Vineyard Journal. Her column focuses on the condition of the beach and water activities in and around the area. In this particular column, she discusses the current status of the beach, which has been closed for the season due to high levels of bacteria. She mentions that the beach has seen a lot of water activity this year, indicating that it has been a busy season. Her column serves as a valuable source of information for the community, informing them about the condition of the beach and any potential closures or warnings.
